

Starting in January 2015
AIDS 500 CLASSES ON-LINE

- The Bureau of Communicable Diseases, HIV/AIDS Section release the **HIV/AIDS 500 class on-line** in the Florida Department of Health Official Learning Management System -TRAIN Florida-.
- The HIV/AIDS 500 is the prerequisite to the HIV/AIDS 501 class that is required prior to offering publicly funded HIV testing services in Florida.
- The on-line class meets the requirements of *Technical Assistance Guideline 345-17-13, Minimum Standards for HIV Counselors, Trainers and Early Intervention Consultants*.
- The class is available to Department staff as well as community partners and serves as an alternative to the classroom training.
- The course can be found by searching for **FDOH HIV/AIDS 500** within the TRAIN course list.
- **Non-DOH** staff must create their own account before attempting to access the course through <https://www.train.org/DesktopShell.aspx>.
- **Department of Health employees** can access TRAIN through: <https://fl.train.org/DesktopShell.aspx> (**without creating a new account**)
- The course is a blended learning series of 7 sections including a learner's guide and an Introduction.
- Sections 1 through 5 are followed by a **short quiz**. Participants must complete each quiz in order, and with a **minimum score of 80%** before completing the course.
- Each section is also followed by an evaluation, which we ask participants to complete. Upon completion of the entire blended learning series, participants are issued a certificate for the course, **which serves as admission to the next available 501 class**.
- If you have any questions about the **HIV/AIDS 500 on-line training** or **HIV/AIDS 501** courses, please contact Sandra Estevez, Early Intervention Consultant at (305) 643-7422.
