SUMMARY – SCHOOL HEALTH SERVICES PLAN 2022-2024

Statutory Authority: Section (s.) 381.0056, Florida Statutes (F.S.) requires each county health department (CHD) to develop, jointly with the school district and school health advisory committee, a School Health Services Plan (referred herein as the “Plan”) that outlines the provisions and responsibilities to provide mandated health services in all public schools. Rule 64F-6.002, Florida Administrative Code (F.A.C.) requires the plan to be completed biennially. Please note that items that are colorized blue are internet links that enable you to directly view the relevant reference material.

The Plan format is arranged in 3 parts relating to the services provided and funding streams, as follows:

- Part I: Basic School Health Services - General school health services which are available to all students in Florida’s public and participating non-public schools in all 67 school districts.
- Part II: Comprehensive School Health Services - Includes increased services in section 381.0057, Florida Statutes, for student health management, interventions and classes. These services promote student health; reduce high-risk behaviors and their consequences (substance abuse, unintentional/intentional injuries and sexually transmitted diseases); provide pregnancy prevention classes and interventions; and provide support services to promote return to school after giving birth.
- Part III: Health Services for Full Service Schools (FSS) – Includes basic school health services and additional specialized services that integrate education, medical, social and/or human services such as nutrition services, basic medical services, Temporary Assistance for Needy Families (TANF), parenting skills, counseling for abused children, counseling for children at high risk for delinquent behavior and their parent/guardian and adult education to meet the needs of the high-risk student population and their families. These services are required of schools as defined in section 402.3026, Florida Statutes.

The Plan contains 4 columns, as follows:

- Column 1 – Statute and/or Rule References. This column includes Florida Statutes, administrative rules and references demonstrating best practices related to school health.
- Column 2 – Program Standard/Requirement. This column provides specific requirements related to the statutes, administrative rules and references listed in column 1.
- Column 3 – Local Agency(s) Responsible. The local agencies (CHD, Local Educational Agency (LEA) and School Health Advisory Committee (SHAC)) determine the responsibilities for providing the services described columns 1 and 2.
- Column 4 – Local Implementation Strategy & Activities. This column describes the implementation strategies and activities to fulfill requirements in columns 1 and 2.

Plan submission:

- If the Plan signature page has not been signed by all parties on or before September 15, 2022, you may submit the plan at that time and submit the scanned signature page as a PDF file when it is fully signed.

			school health, as outlined in the Florida statutes.
	1d. Each CHD uses annual Schedule C funding allocation to provide school health services pursuant to the School Health Services Act and the requirements of the Schedule C Scope of Work.	DOH Miami- Dade	<ul style="list-style-type: none"> • Conduct monthly meetings with the budget liaison to review and discuss spending allocations and rejections. • Recruit and hire staff in a timely manner to guarantee all positions are filled, to help ensure all allocated scheduled C funding is spent.
	1e. The CHD and LEA shall each designate one person, RN recommended, to be responsible for the coordination of planning, development, implementation and evaluation of the program. These individuals should collaborate throughout the school year to assure program compliance and to plan and assess the delivery of program services.	DOH Miami- Dade, Miami- Dade County Public Schools	<ul style="list-style-type: none"> • Conduct school health planning meetings before the beginning of each school year. • Conduct at least two site visits during the school year, December and May, to monitor and assess program compliance and school health services delivery. • Meet at least monthly to discuss concerns, recommendations and evaluate issues affecting school health services delivery. • Evaluate program compliance and school health services delivery at the end of each school year and make recommendations for the next year. • DOH Miami- Dade and MDCPS will be responsible for the Quality Improvement Plan

Statute and/or Rule References	Program Standard/Requirement	Local Agency(s) Responsible	Local Implementation Strategy & Activities
	<p>1f. Protocols for supervision of school health services personnel shall be described in the local school health services plan to assure that such services are provided in accordance with statutory and regulatory requirements and professional standards and are consistent with the Nurse Practice Act.</p>	<p>DOH Miami- Dade MDCPS The Children's Trust and Community Partners School Health Advisory Committee</p>	<p>to monitor the delivery of school health services.</p> <ul style="list-style-type: none"> Each agency will ensure they have developed protocols outlining the supervision of school health services personnel, in accordance with statutory requirements and professional standards. Protocols should be shared with MDCPS and the DOH Miami- Dade County School Health program. MDCPS and the DOH Miami- Dade School Health program will maintain and keep all submitted protocols from each agency on file.
	<p>1g. Decisions regarding medical protocols or standing orders in the delivery of school health services are the responsibility of the CHD medical director in conjunction with district school boards, local school health advisory committees, the school district medical consultant if employed or the student's private physician.</p>	<p>DOH Miami- Dade MDCPS School Health Advisory The Children's Trust and Community Partners</p>	<ul style="list-style-type: none"> No Standing orders
	<p>1h. Establish procedures for health services reporting in Health Management System (HMS) and the annual report, to include services provided by all partners.</p>	<p>DOH Miami-Dade</p>	<ul style="list-style-type: none"> Update the data collection protocols and other data collection system when required. Conduct monthly data meetings Ensure data related to school health services for annual report is received by June 15.

Statute and/or Rule References	Program Standard/Requirement	Local Agency(s) Responsible	Local Implementation Strategy & Activities
	1i. Each SHAC should include members representing the eight components of the Centers for Disease Control and Prevention's Coordinated School Health (CSH) model. The SHAC is encouraged to address the ten CSH components in the school district's wellness policy.	DOH Miami- Dade MDCPS S.H.A.C Chairperson and Co-Chairperson	<ul style="list-style-type: none"> Review existing membership and ensure SHAC's memberships reflect representation from the ten components of the coordinated School Health Model by September 15.
2. Health Appraisal s. 381.0056(4)(a)(1), F.S.	2a. Determine the health status of students.	DOH Miami- Dade MDCPS The Children's Trust and Community Partners	<ul style="list-style-type: none"> Review annually Emergency Contact/ Student Data cards and School Entry Health Examination records for documentation of existing and /or chronic health condition, or other health related issues. Review Cumulative Health records for abnormal screening results. Conduct nursing assessment as needed. Develop chronic condition list and report data findings. Monitor and case manage students, as indicated.
3. Records Review s. 381.0056(4)(a)(2), F.S.; s.1003.22(1)(4) F.S.; Rules 64F-6.005(1), F.A.C.; 64F-6.004(1)(a), F.A.C.	3a. Perform initial school entry review of student health records, to include school entry physical, immunization status, cumulative health record, emergency information, school health screenings and student-specific health related documents.	DOH Miami- Dade MDCPS The Children's Trust and Community Partners	<ul style="list-style-type: none"> Review new entry student's health records, including the DH680 immunization record, DH 3040 School Health entry examination, DH3041 Cumulative health Record, emergency contact/student data card information, and screenings follow- up/referral (complete and incomplete outcome). Conduct at least annual record reviews on all kindergarten

Statute and/or Rule References	Program Standard/Requirement	Local Agency(s) Responsible	Local Implementation Strategy & Activities
	3b. Emergency information card/form for each student shall be updated each year.	DOH Miami-Dade MDCPS The Children's trust and Community Partners	<p>students and students new to school in grade K-5.</p> <ul style="list-style-type: none"> • School district will assure that all students submit an Emergency Contact/Student Data Card with current information upon school entrance. • Health team/Registered Nurse will review Emergency Contact/student data card for health conditions and concerns.
4. Nurse Assessment s. 381.0056(4)(a)(3), F.S.; Rules: 64F-6.001(6), F.A.C.; 6A-6.0253, F.A.C; 6A-6.0252, F.A.C.; 6A-6.0251, F.A.C.	4a. Perform nursing (RN) assessment of student health needs.	DOH Miami- Dade MDCPS School Health Advisory Committee The Children's Trust abd Community Partners,	<ul style="list-style-type: none"> • Health Teams/Registered Nurse will review emergency Contact cards to obtain student medical status to develop a Chronic Condition list. The Chronic condition list should be completed as follows: minimum of 5% of students by September 30, a minimum of 45% of students by December 31, and a minimum of 90% of students by March 31. • Health Teams/ Registered Nurse will review records of all kindergarten students and students new to the school in grades K-5.

Statute and/or Rule References	Program Standard/Requirement	Local Agency(s) Responsible	Local Implementation Strategy & Activities
	4b. For day-to-day and emergency care of students with chronic and/or complex health conditions at school, the RN develops an individualized health care plan (IHP) and Emergency Care Plan (ECP).	DOH Miami- Dade MDCPS The Children's Trust and Community partners	<ul style="list-style-type: none"> • Registered Nurse will develop, when required and authorized by parent / legal guardian, an individual health Care Plan (IHCP) • Develop the IHCP in collaboration with the student, school community, and others as appropriate, ensuring that the IHCP provides directives to the school team, complies with current applicable laws and standards of practice, considers economic impact, and uses standardized nursing language.
5. Nutrition Assessment s. 381.0056(4)(a)(4), F.S.; Florida School Health Administrative Resource Manual, 2017	5a. Identify students with nutrition related problems and refer to an appropriate health care provider.	DOH Miami- Dade MDCPS The Children's Trust and Community Partners	<ul style="list-style-type: none"> • Conduct record reviews to identify abnormal BMI and perform BMI assessment to all students visiting the health rooms to identify students who need follow- up for further evaluation. • Refer students with nutritional related problems to a health care provider or to other related resources. • Provide nutritional education • Follow- up and document action taken
6. Preventive Dental Program s. 381.0056(4)(a)(5), F.S.	6a. Provide services such as oral health education, screenings and referrals, dental sealants, fluoride varnish and/or fluoride rinse as appropriate.	DOH Miami- Dade MDCPS The Children's Trust and Community Partners	<ul style="list-style-type: none"> • Conduct dental health classes • The Comprehensive School Health Services will update the dental referral list to share with school and community to promote Dental Health Month (February 2023 and February 2024).

Statute and/or Rule References	Program Standard/Requirement	Local Agency(s) Responsible	Local Implementation Strategy & Activities
			<ul style="list-style-type: none"> • DOH- Miami – Dade Seals on Wheels Dental Program provides dental services in 15 elementary schools • The Children's Trust provides preventive dental health services and education in their schools.
7. Health Counseling s. 381.0056(4)(a)(10), F.S.	7a. Provide health counseling as appropriate.	DOH Miami- Dade MDCPS The Children's Trust and Community Partners	<ul style="list-style-type: none"> • Medical providers and social workers will provide health counseling. • Health team will provide school health services utilizing the Administrative Resource Manual, Emergency Guidelines, www.comprehensivehealthservicesdadeschool.net, and www.miamidade.flhealth.gov • Link students with suspected or confirmed health problems with community health providers.
8. Referral and Follow-up of Suspected and Confirmed Health Problems s. 381.0056(4)(a)(11), F.S.	8a. Provide referral and follow-up for abnormal health screenings, emergency health issues and acute or chronic health problems. Coordinate and link to community health resources.	DOH Miami- Dade MDCPS The Children's Trust and Community Partners	<ul style="list-style-type: none"> • Utilize a tracking system for the referral and follow-up of abnormal health findings, emergency health issues and acute and chronic health conditions. • Consult with parents/legal guardians, as needed. • Link students with abnormal health screenings and suspected or confirmed health problems with Community Health Providers • Refer Students to medical health care provider.

Statute and/or Rule References	Program Standard/Requirement	Local Agency(s) Responsible	Local Implementation Strategy & Activities
			<ul style="list-style-type: none"> All referrals must be followed-up and documented.
<p>9. Provisions for Screenings s. 381.0056(4)(a)(6-9),(e) F.S.; Rule 64F-6.003(1-4), F.A.C.</p>	<p>9a. Provide mandated screenings unless the parent requests in writing an exemption:</p> <p>(1) Vision screening shall be provided, at a minimum, to non-exempted students in grades kindergarten, 1, 3 and 6 and students entering Florida schools for the first time in grades kindergarten – 5.</p> <p>(2) Hearing screening shall be provided, at a minimum, to non-exempted students in grades kindergarten, 1 and 6; to students entering Florida schools for the first time in grades kindergarten – 5; and optionally to students in grade 3.</p> <p>(3) Growth and development screening shall be provided, at a minimum, to non-exempted students in grades 1, 3 and 6 and optionally to students in grade 9.</p> <p>(4) Scoliosis screening shall be provided, at a minimum, to non-exempted students in grade 6.</p>	<p>DOH Miami- Dade MDCPS The Children's Trust and Community Partners</p>	<ul style="list-style-type: none"> MDCPS will assist health care providers in creating a master schedule for all screenings. Obtain class list of students to be screened from school principal. Check for Opt-out letters, alert health team of students with Opt-out letters, and document/file in student's Cumulative Health Record indicating that an opt-out letter was returned and the screening was not conducted. Plan to screen students who were absent Document screening results in each Student's Cumulative Health Record. Send screening results data to DOH- Miami- Dade for data input in HMS Report and document students unable to be screened due to illness and profound disability.

Statute and/or Rule References	Program Standard/Requirement	Local Agency(s) Responsible	Local Implementation Strategy & Activities
			<ul style="list-style-type: none"> • Do not screen students who are currently under the care of a medical provider and undergoing treatment and report data to DOH- Miami – Dade. • Conduct vision screenings on students in grades K, 1, 3, 6 and to new students entering Florida schools in K-5. • Conduct hearing screenings on students in grades K, 1, 6 and to new students entering Florida schools in K-5. • Conduct Growth & Development screening with Body Mass Index (BMI) in grades 1, 3 and 6. • Conduct Scoliosis screenings on students in grade 6. • Assess if screening conduction rates for vision, hearing, BMI and scoliosis have been reached in mandated grade levels: 45% by December 31st and 95% by March 31st. • Send screening results to DOH in Miami- Dade county for Data input.
	9b. Provide screening services to all specified students pursuant to s. 381.0056(4)(a) unless a	DOH Miami- Dade MDCPS The Children's Trust and Community Partners	<ul style="list-style-type: none"> • MDCPS will send home consent forms with students explaining screenings to be performed, as well as the
