Implementing Order

Implementing Order No.: 04-137

Title: FEE SCHEDULE FOR FLORIDA DEPARTMENT OF HEALTH IN MIAMI-DADE COUNTY

Ordered: 9/18/2025 **Effective:** 10/01/2025

AUTHORITY:
Florida Statutes §154.06, Section 381.0051, and Florida Administrative Code 64F-16.

SUPERSEDES:
This Implementing Order supersedes previous Implementing Order 4-137 ordered September 21, 2023 and effective October 1, 2023.

POLICY:
This Implementing Order establishes user fees of the Florida Department of Health in Miami-Dade County ("Department") to collect for meeting the public health needs of the residents and visitors of Miami-Dade County.

PROCEDURE:
The responsibility for this Implementing Order is assigned to the Director/Administrator of the Department who shall be responsible for the collection of fees and the delivery of required services pursuant to the Florida Statutes. Each two years or earlier, if need arises, the Director/Administrator shall review all fees in terms of their cost and recommend necessary changes.

The fees are subject to adjustment in accordance with the following:

Summary of Sliding Fee Scale Policy and Procedures:

Sliding fee scales are produced by the Department to help make medical services more affordable for clients. Financially eligible clients are not required to pay full charges to receive most Department services including communicable disease and integrated family health services. All clients, regardless of poverty level, are required to pay the full cost for other elective Department services, such as vital statistics or international immunizations.

The Department revises its sliding fee scales each year after the federal government has produced its annual poverty guidelines. Financially eligible clients will not be required to pay full cost to receive Department services. Rather, these clients will pay a reduced cost in relation to their poverty status. There are two sliding fee scales produced by the Department. One applies to Department's clients when they are not receiving family planning services; and one for Department's clients who are receiving family planning services.

The Department's client's poverty status is determined based on the client's annual household income and the number of individuals in the person's family. The lower the annual household income and/or a large family size places a person in a lower poverty status.

The Department's sliding fee scales are calculated by using the annual poverty income for a family of one and the income amount to be added for each additional family member provided by the federal government. The

annual poverty guidelines are published each year in February. The Department prepares the new scales, and these calculations are internally reviewed within the Department prior to release. The sliding fee scale is finally released in the beginning of March, with implementation in the Health Clinic Management System around the end of March.

The Department has been given authority for the sliding fee scales by the Florida Legislature in Section 154.011(1)(c),7, Florida Statutes, and 64F-16, Florida Administrative Code.

Additionally, the Department complies with the following Fee Guidelines from Florida Administrative Code, Section 64F-16.006 (2018):

Sliding Fee Scale.

1) Persons with net family incomes between 101 and 200 percent of the Health and Human Services Poverty Guidelines for the 48 Contiguous States and the District of Columbia (Poverty Guidelines), as published in the January 18, 2018 rendition of the Federal Register, incorporated by reference and available at https://www.flrules.org/Gateway/reference.asp?No=Ref-09394 or https://aspe.hhs.gov/poverty-guidelines, shall be charged a fee on a sliding scale based on the following increments. For family planning services only, persons with incomes between 101 percent and 250 percent of poverty shall be charged on a sliding fee scale as described in paragraph 64F-16.006(3)(h), F.A.C., below:
    a) Persons with incomes at or below 100 percent of the poverty guidelines shall pay no fee.
    b) Persons with incomes at 101 to 119 percent of the poverty guidelines shall pay 17 percent of the full fee.
    c) Persons with incomes at 120 to 139 percent of the poverty guidelines shall pay 33 percent of the full fee.
    d) Persons with incomes at 140 to 159 percent of the poverty guidelines shall pay 50 percent of the full fee.
    e) Persons with incomes at 160 to 179 percent of the poverty guidelines shall pay 67 percent of the full fee.
    f) Persons with incomes at 180 to 199 percent of the poverty guidelines shall pay 83 percent of the full fee.
    g) Persons with incomes at or above 200 percent of the poverty guidelines shall pay the full fee.
2) Laboratory, pharmacy, and radiology charges may be added separately to the clinic visit charge but must be charged on the sliding fee scale.
3) This sliding fee scale applies to recipients of integrated family health and communicable disease control services, with the following exceptions:
    (a) Participants in the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) shall not be charged any fee for WIC certification or WIC benefits.
    (b) There shall not be any fee charged for childhood immunizations required for admittance to or attendance in school as specified in section 232.032, F.S.
    (c) There shall not be any fee charged for a Medicaid reimbursable service to any Department client/patient who is eligible for and enrolled in the Medicaid program.
    (d) Clients served by the Department and its subcontractors shall not be denied services for tuberculosis, sexually transmitted disease, or HIV/AIDS communicable disease control because of failure or inability to pay a prescribed fee, regardless of their income.
    (e) Clients interviewed, examined, or tested at the Department's initiative because they are a contact to a case of a communicable disease or because they are a member of a group at risk that is being investigated by the Department may not be charged a fee for the

interview, examination, or testing; these clients may be charged on a sliding fee scale for any treatment indicated, but they cannot be denied services based on inability to pay.

(f) Clients served by the Department and their subcontractors shall not be denied family planning services for failure or inability to pay a prescribed fee, regardless of their income; however, all family planning methods, shall be limited depending on the availability of funds.

(g) Clients shall not be denied pregnancy testing for failure or inability to pay a fee.

(h) For family planning services only, persons with net family incomes between 101 percent and 250 percent of the poverty guidelines shall be charged a fee on a sliding scale based on the following increments:

1. Persons with incomes at or below 100 percent of the poverty guidelines shall pay no fee.
2. Persons with incomes at 101 to 129 percent of the poverty guidelines shall pay 17 percent of the full fee.
3. Persons with incomes at 130 to 159 percent of the poverty guidelines shall pay 33 percent of the full fee.
4. Persons with incomes at 160 to 189 percent of the poverty guidelines shall pay 50 percent of the full fee.
5. Persons with incomes at 190 to 219 percent of the poverty guidelines shall pay 67 percent of the full fee.
6. Persons with incomes at 220 to 250 percent of the poverty guidelines shall pay 83 percent of the full fee.
7. Persons with incomes at or above 251 percent of the poverty guidelines shall pay the full fee.

4) Persons with net family incomes above 200 percent of the poverty guidelines shall be charged the full fee promulgated by the Department or the Board of County Commissioners, with the exception of those groups listed in paragraphs (3)(a) through (h), above.

FLORIDA DEPARTMENT OF HEALTH IN MIAMI-DADE COUNTY FEES

A. PRIMARY CARE AND COMMUNICABLE DISEASE FEES

The Department sets fees for clinical services using common procedural terminology codes (CPT). This is the national methodology for billing used by most doctors, medical clinics, health departments, and hospitals, including Jackson Health System. Medicaid, Medicare, and all third-party insurance companies pay only for clinic procedures billed by CPT codes.

Fees for primary care and communicable disease services will be set at the current Medicare Rate. Unless otherwise approved, when a service is not included in the Medicare schedule, the rate will be up to the 75th percentile level of the rate-based value scale as determined by the current Physician Fee Reference Handbook. In the event, however, that up to the 75th percentile level of the rate-based value scale is less than the current Medicaid fee, then the Medicaid fee will be charged.

A sliding fee scale is applicable to fees. Approximately 81% of the Department's patients pay nothing for services under the sliding fee scale. Services designated as elective will not be subject to the sliding fee scale. Elective services include, but are not limited to:

1. Most adult immunizations
2. Medical clearance
3. Adjustment of status services
4. Non-medically necessary treatments at STD clinics.
